Technology issues

- video - switched approach to reduce issue
- chat - haven't been able to resolve, so if you can't use chat, please interject

Feedback

Feedback

Timing/structure of the session was about right

Requested content

- Engaging with community around resilience
- Applying resilience at the local community level
- More case studies
- Measuring resilience - will present minimal content

Weeks
4&5

Resilience thinking, management and practice

Resilience is the capacity of a system to cope with change and continue to develop in a desired way

Resilience is the capacity of a system to cope with change and continue to develop in a desired way

Resilience

(coping strategies)

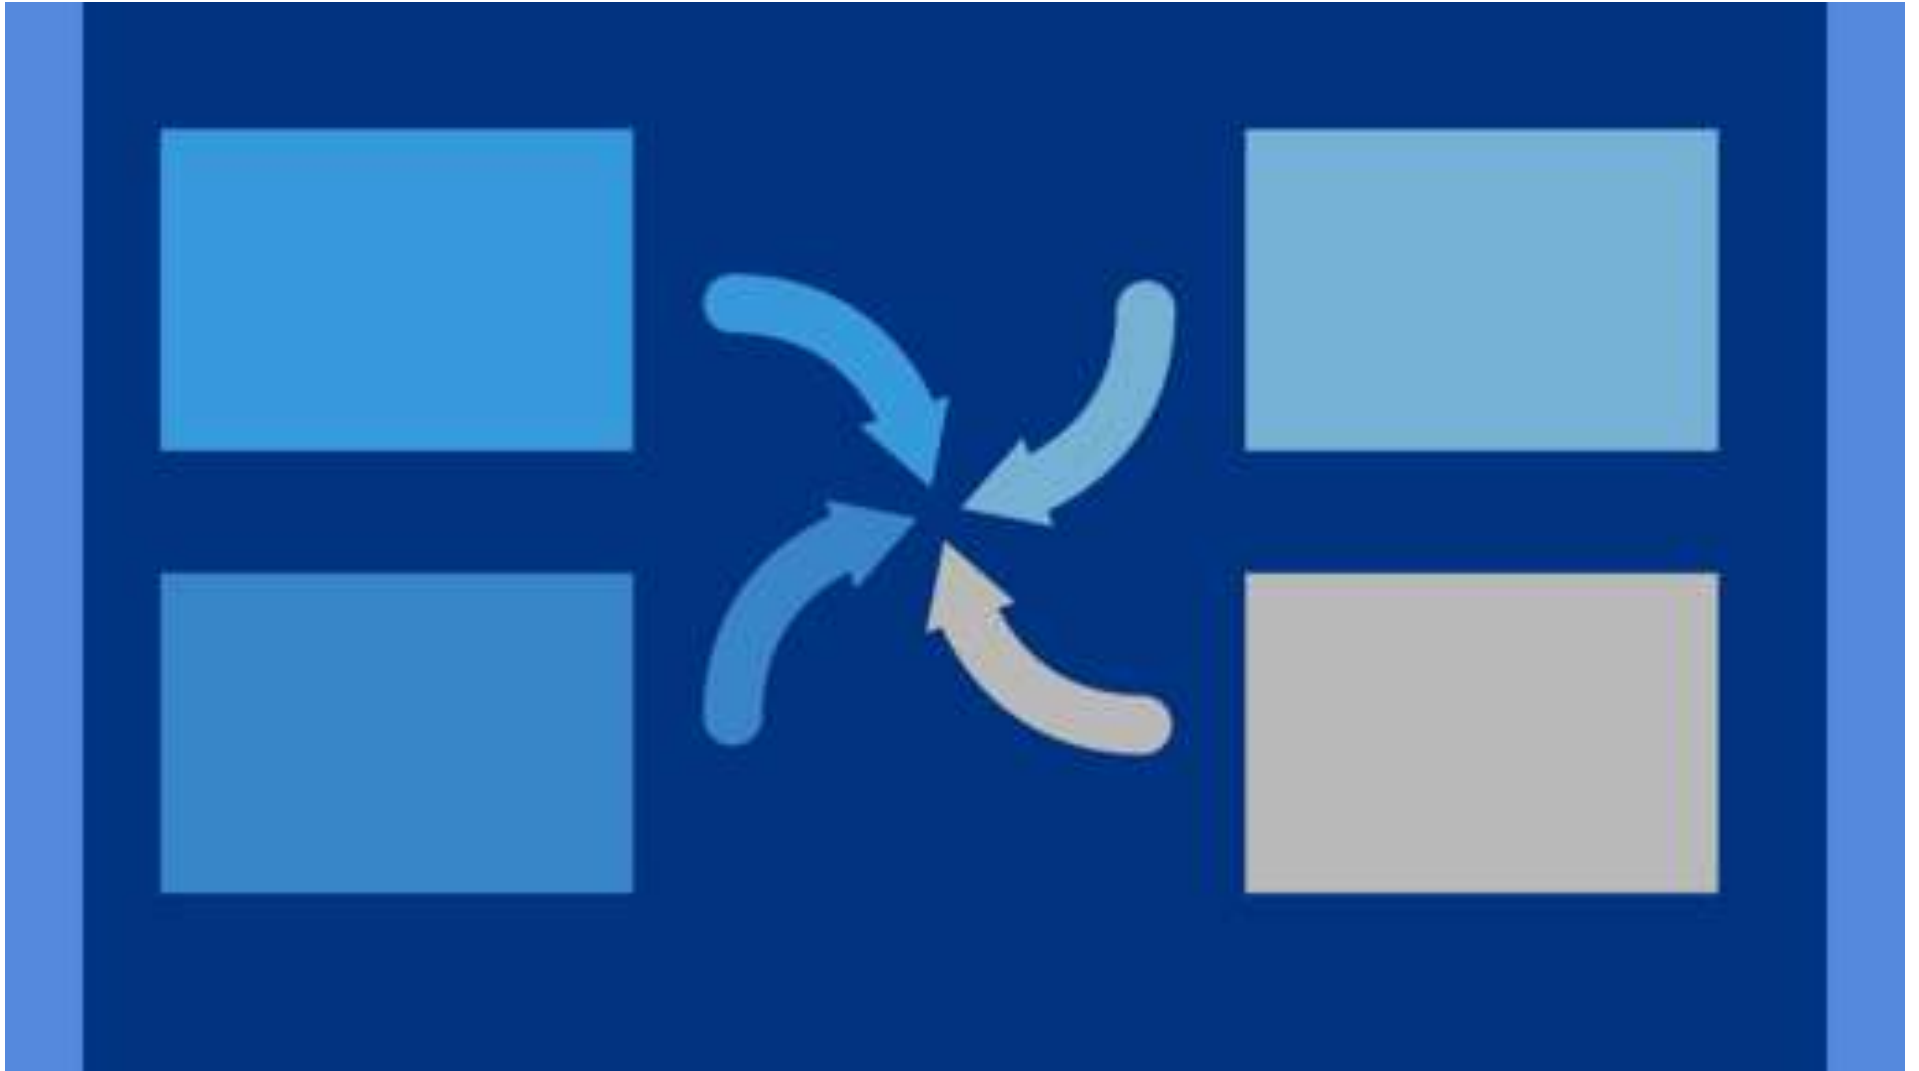

Resilience 'building options' for a building

- Patch up (Persistence)
- Patch up and renovate for elderly users (Adaptation reinforcing)
- New design to include other users (Adaptation creative)
- New design, modular, transportable (Transformation)
