

Seasonal update and long-term outlook

AGRICULTURE VICTORIA

Information sessions

Four free, cross-industry sessions will provide the latest on irrigation, commodities and climate settings and outlooks. There will also be an opportunity to hear from a local farmer about plans for the season and managing for the long-term.

TOPICS

Situation and outlook

- Water availability in the southern connected Murray-Darling Basin
- Climate, rainfall and inflows – three-month and long-term outlook
- Grain and fodder – availability and outlook
- Key drivers of future irrigation water availability - including permanent plantation expansion and inter-valley trade limits.

Decision support

- Local farm case study.

EXPERT SPEAKERS INCLUDE

- Colin Peace, Director, Jumbuck Ag
- Vernon Carr, Sector Lead – Horticulture, Agriculture Program, BoM
- Craig Feuerherdt, Business Development Manager, H2OX
