## **What is so important about Grey Box trees and the communities they support?**

**Peter Mitchell will discuss;**

- The importance of these iconic trees in the Glenaroua landscape and beyond.
- What communities they support
- How we can protect existing remnants, plus build corridors and linkages across the landscape to enhance this threatened community.

**Sonia Sharkey;**

- Will talk about the current EOI opportunity that is available through NLP funding with GBCMA.
- How landholders can participate.
