

NATIVE PASTURE IDENTIFICATION AND MANAGEMENT WITH DR MEREDITH MITCHELLE

As part of the Goulburn Broken CMA Grey Box Grassy Woodland Project, Gecko Clan would like to invite you to join Dr Meredith Mitchell, Senior Research Scientist, Agriculture Victoria, for a day of native grass identification and management of native pasture grazing systems.

When: Saturday the 22nd May

Time: Arrive 9:30am for a cuppa 10am start until 3pm

Where: Warrenbayne Hall, 1305 Benalla-
Warrenbayne Rd, Warrenbayne

RSVP: Registration is mandatory due to COVID 19
restrictions. RSVP by the 17th of May

For more information or to register please contact
Kim Magnay 0419482409 or geckoadmin@inet.net.au

The day will start with an indoor presentation then
out into the paddock for the afternoon session. Please
wear enclosed shoes and weather suitable clothing.

Please bring a drink bottle for out in the paddock,
lunch will be provided.

If you are unwell or are waiting for a COVID test
results please do not attend this event.

This project is supported by the Goulburn Broken CMA
through funding from the Australian Government's
National Landcare Program
