

Native Vegetation in the Shepparton Irrigation Region

Department of Sustainability and Environment
Department of Primary Industries

This project is funded as part of the Goulburn Broken Catchment Management Authority Regional Catchment Strategy in the Shepparton Irrigation Region and is provided with support and funding from the Australian Government and Victorian Government. This project is delivered primarily through partnerships between the Department of Primary Industries, Goulburn Murray Landcare Network, Goulburn-Broken Catchment Management Authority, Shepparton Irrigation Region Implementation Committee and other bodies.

Cover photo: Grey Box woodland. Inserts (left to right): Leafy Templetonia (*Templetonia stenophylla*), Pussy Tails (*Ptilotus spathulatus*), Blue Devil (*Eryngium ovinum*), Cut-leaf Burr-Daisy (*Calotis anthemoides*).

Acknowledgments

The Sustainable Irrigated Landscapes - Goulburn Broken, Environmental Management Program staff compiled this booklet based on research of literature and communication with recognised flora scientists.

A variety of sources were referred to for the information contained in this booklet. These are listed on page 45.

Thanks go to all Environment Program staff who have been involved in this publication over time, especially Fiona Copley for her significant dedication and commitment to follow through with publishing this booklet.

Thanks also goes to the Goulburn Murray Landcare Network for enabling the printing of this booklet and to the Shepparton Irrigation Region Implementation Committee for their ongoing support.

Symbols

R *Rare/endangered*
Rare or threatened within the state of Victoria.

S *Significant in region*
May be widespread or common in other areas but is rare in the Goulburn-Broken Catchment.

 *Bird attracting*

 *Butterfly attracting*

 *Drought tolerant*

 *Prefers wetter areas*

Description:
Size, form, colour, flowering and seeding.

Cultivation:
Soil type, when to prune etcetera.

Special Notes:
Any additional information of interest.

Form: T= Tree; S= Shrub; Gr= Grasses; G= Groundcover
